

WHEN SELLING YOUR PROPERTY.....

- Call the MUA office at 856-983-1878 at least 3 days prior to settlement to make an appointment for a final meter reading.
- Someone is required to be at the property when the read is performed so that the Authority can gain admittance to check all water functions.
- If the read has to be taken without checking water functions, or if no read is obtained, it may result in escrow being held unnecessarily.
- A final read should also be taken when a tenant moves out of a property.
