

Evesham Municipal Utilities Authority

Press Release - September 18, 2023:

Evesham Municipal Utilities Authority is pleased to announce that effective August 9, 2023, Moody's Investors Services upgraded the Authority's outstanding revenue bonds rating to Aa2 from Aa3. Moody's rationale for the ratings increase includes the Authority's continued stability in debt service coverage as well as the Authority's progressive approach in capital project planning and rate structure assessment. The Aa2 rating reflects a strong service area, healthy liquidity and sufficient bondholder protections. Executive Director Jeffrey Booth would like to thank all Evesham MUA employees for their hard work, diligence and efforts to make this happen.

A handwritten signature in blue ink that reads "Jeffrey C. Booth".
